Boys & Girls Clubs of the Valley Will Open Clubs for Impacted Families

In response to the closings of Valley school districts, Boys & Girls Clubs of the Valley is opening most local Clubs during school hours to serve healthcare, government, public safety and other essential workers. We came to this decision, despite the increase in costs, to be able to support our community.

We are monitoring the situation closely and will continue to operate as long as we are able to provide a safe environment for young people. As always, we place the safety of our youth and staff first. We have in place enhanced health, safety and cleaning precautions and protocols in every Club.

Most Clubs in the Valley will be open to accommodate the school closures unless listed below. Clubs open during the day will provide 2 meals (breakfast and lunch) for the day and a snack helping to ensure kids have access to healthy meals.

Immediate service availability will be given to the health care, public safety, and other essential workers in the communities of:

- Metro Phoenix,
- West Valley,
- East Valley

The following service delivery priorities are in place:

- Priority given to healthcare employees, public safety, State workers like those at the Department of Child Safety and other essential workers.

Space is limited based on each location's capacity.

- If your child(ren) shows any symptoms or falls into CDC criteria of high risk, they will not be permitted to attend the Club.
- Additionally, if you can keep your child(ren) at home due to the ability to take time off or employer who allows you to telecommute, please do so
