

Summer of Possibilities Brings Affordable, All-Day Summer Camp Options to Local Families

Families looking for safe, enriching, and affordable summer options for their kids have a new reason to get excited. The Boys & Girls Clubs of the Valley's "Summer of Possibilities" is now open for registration, offering a full 10 weeks of engaging, all-day programming for youth ages 5–12.

Designed to keep kids active, learning, and connected, the program features themed weekly experiences that include STEM activities, arts and music, outdoor adventures, leadership development, and global exploration. Each week introduces new opportunities for kids to build confidence, make friends, and discover what they're capable of.

The program is intentionally priced to be accessible for families across the community. Weekly camp fees range from **\$60 to \$100 per week**, depending on the Club location selected, with meals, activities, and extended hours included.

In addition, a limited number of families can take advantage of a **full "Summer of Possibilities" package for just \$250 for all 10 weeks**—an all-access option available exclusively at 10 select Club locations. This offer provides one of the lowest-cost, highest-value summer camp experiences available in the region.

Programs run Monday through Friday and include a mix of indoor and outdoor activities, field trips, and hands-on learning led by trained, caring staff.

Registration is now open, and space is limited. Families can learn more and sign up at [**bgcaz.org/summer**](http://bgcaz.org/summer).

Summer for \$250 offer is only available at select Clubs:
